

Membership Access Guidelines, Policy and Agreement

Membership Access for Research

Access to AONE membership for research participation is available for the conduct of academic research. Access will be permitted only for those that conform to generally accepted norms and standards for survey research and that impact the role of nurses in executive practice who design, facilitate and manage patient care delivery across the health care continuum.

The following guidelines have been established for accessing AONE membership for research participation. Access to membership may be obtained by mailing list rental or request for research participation through an electronic format: AONE eNews; AONE Working for You (AWFY).

Request for Research Participation: Mailing List Rental Policy

See [Mailing List Rental Agreement](#).

Request for Research Participation: Electronic Format

1. All requests for membership access for research participation must be made in writing using the *AONE Membership Access for Research Participation Agreement*, accompanied by an executive summary of the research proposal, evidence of IRB approval and a copy of the survey/questionnaire. AONE evaluates each request within 14 business days after receiving the required documents. Any rejection shall specifically state the reason(s). Negotiations for any proposed revisions for membership access can be made between the parties; however, it is understood that AONE has final authority to approve or reject the request.
2. Each request must be accompanied by the request for research participation language that will be used to recruit participants.
3. Requests will be accepted only for purposes appropriate to nursing leadership, and shall not be in conflict with the AONE mission, goals and activities.
4. The researcher is responsible for providing approved language requesting research participation and an active URL directing participants to the survey and or research home page. Study publications must include the following statement: "Participation of AONE members does not indicate AONE review or endorsement of this study."
5. Publishing the request for research participation occurs at the first opportunity after the receipt of approved language and payment.
6. Approved requests are published on a first come first served basis. AONE has the right to limit the number of requests at any one time.
7. AONE will not provide refunds for early withdrawal of request for research participation.

Placement

Placement of requests for research participation will appear in a designated section of AONE eNews and AWFY; "RESEARCH PARTICIPATION OPPORTUNITIES". The design and formatting of the research language is the responsibility of the researcher and must meet the parameters of AONE's electronic newsletter platform.
